PROJECT ANGEL FOOD
ANNUAL REPORT 2015/2016
A WORD FROM OUR LEADERS

After celebrating our 27th year of service, one observation stands out among all others: that Project Angel Food was built on a culture of love and compassion, and that is what has nurtured its growth all these many years.

For the past 27 years, Project Angel Food has been in the forefront of LA’s fight against hunger and malnutrition. A pioneer during the AIDS crisis, the organization has developed into a leading advocate for the most vulnerable people in our community and continues as a lifeline for critically ill residents throughout Los Angeles County.

Initially a 100 percent volunteer organization that started in the kitchen of a church at Fairfax and Fountain, Project Angel Food has grown into a highly efficient charity in an 8,000 square foot kitchen run by professionals. Today the volunteers and professional chefs work together to cook and prepare 10,000 nutritious medically-tailored meals every week.

The meals that are cooked at Project Angel Food receive rave reviews from the people we serve and everyone who visits our kitchen, including the health department.

Every year we ask our clients for feedback on the menus and the program. 93 percent say being in the program removes the enormous stress they would otherwise encounter in having to pay for and cook their own meals.

Over 1,800 people on our program report to us that they feel better as a result of receiving our meals and the regular check-ins with our registered dietitians. Their doctors also tell us that because of the regular food delivery, they are also taking their medications on a regular basis. That is why one out of five get better and roll off the program.

Food is Medicine and Food Is Love.

Our drivers continue to be a vessel of love and support to the people we serve. Since more than half of our clients live alone, our drivers turn into real friends. And, the special birthday bags are not just a treat but a reminder that someone cares.

We are growing our urban community garden footprint to increase community awareness and volunteerism. Our newest garden is the Madison Garden, located in East Hollywood. It’s expected to produce about 500 pounds of kale, chard, collards, mustard, tomatoes, eggplant, zucchini and winter squash. We are looking forward to recruiting volunteers and adding more locally grown produce to our lifesaving meals.

Today, Project Angel Food remains true to its mission and we are able to do this through your generous financial support, your volunteer services and your dedication to taking care of our clients … as long as it takes.

Sincerely,

Joe Mannis

ABOUT US

Project Angel Food has served the critically and chronically ill in the Los Angeles community since our inception in 1989. Today, we prepare and deliver more than 10,000 meals every week to people too sick to shop and cook for themselves.

Over this time, Project Angel Food has grown to serve as a reliable lifeline for those diagnosed with serious diseases. We’re the trip to the store, the meal planner, the nutritional advisor, the cook and the smiling face who delivers meals right to their doorstep.

We focus on healing with strength and dignity, operate with the knowledge that food is medicine, and deliver to our clients without fail.

OUR MISSION:
Feed and nourish the sick as they battle critical illness with nutritious meals that alleviate hunger, prevent malnutrition and return our clients to health, delivered free of charge to homes throughout Los Angeles County.
OUR ORGANIZATION

Project Angel Food works to serve those who suffer from critical illnesses in the Los Angeles community. Research shows that food is medicine, and our on-staff dietitians create meal plans tailored to each person’s specific disease and medical treatments. Vans are then loaded with this life-sustaining food for delivery across Los Angeles County every morning.

*Our objective is simple: Prepare Food, Deliver It, and Save Lives.*

OUR URBAN GARDENS
Two donated community lots grow fresh organic fruits, herbs and vegetables for our clients. No chemicals, no synthetics. Just real, nourishing food.

OUR KITCHEN
To prepare more than 10,000 medically-tailored meals each week, a passionate team of full-time chefs, interns, externs and volunteers accommodate 39 different, medically-prescribed meal plans. And we have the space to expand our kitchen three times over...that’s more than 1.5 million meals a year!

OUR DELIVERIES
Did you know that our food delivery drivers are the only people some clients talk to all week? And these are only a fraction of the potential clients we could reach in the Los Angeles County. With more resources, we can both triple our deliveries and stop to chat with more people than ever.

For life, for love, for as long as it takes

Project Angel Food was created in 1989 by a group of compassionate volunteers compelled to feed and nourish our community that suffered in silence from malnutrition and the ravages of critical illness—most prominently caused by AIDS and the HIV virus.

Today, Project Angel Food celebrates over 27 years of uninterrupted service to our neighbors homebound by life-threatening illnesses, including cancer, congestive heart failure, COPD/emphysema, diabetes, end stage renal failure, stroke/cardiovascular accident and HIV/AIDS. Through partnerships with educational institutions, community-based organizations, community gardens, companies, government agencies and foundations we have grown from an end-of-life resource to a critical health and wellness ally.

HISTORIC MILESTONES

1989
Project Angel Food is founded by Marianne Williamson as an outreach program of the Los Angeles Center for Living, which helps people with life-threatening illnesses.

1990
Project Angel Food moves into the kitchen of the Crescent Heights United Methodist

1991
The first “Divine Design” evening brings in more than $1,300,000. Demand for meals continues to grow.

1992
Elizabeth Taylor’s AIDS Foundation provides Project Angel Food its first grant of $150,000 and meal demands exceed the kitchen’s capacity.

1993
Leonard Nimoy donates the first agency van, Project Angel Food obtains our first-ever government grant and staffs 13 employees.

1994
Deliveries are expanded through drop-off centers to include Pasadena, Downtown and greater Hollywood and over 100 people call for meal service each month.
2001
665 new clients enroll in our meal delivery program, 48 volunteer orientations train more than 724 new volunteers. Over 2.5 million meals have now been served.

2004
Our scope of work expands to serve clients struggling with all types of critical and debilitating chronic illnesses.

2006
Wallis Annenberg makes a $500,000 leadership grant and Project Angel Food expands capacity by purchasing a new state-of-the-art facility.

2010
Our Project Angel Food Garden Initiative is launched, making use of community gardens and vacant plots donated by landowners to grow fresh, organic produce for our meals.

2014
We celebrate our 9 millionth meal served and 25 years of service to our community.

1999
Our 2 millionth meal is served. Records show over 20,000 people have volunteered.

2007
Official opening of the new Project Angel Food headquarters building on Vine Street in Hollywood coincided with delivery of the 5 millionth meal.

2012
We celebrated our 10 millionth meal served in March.

Volunteers and Interns

Project Angel Food is 80% volunteer-driven with 3,500 volunteers donating their time, energy, and skills to Project Angel Food on a yearly basis. These giving people are united by a common goal: to provide nutritious and delicious meals to their most vulnerable neighbors.

Our volunteers are our greatest advocates, and their tremendous acts of generosity promote Project Angel Food’s purpose at every level.

Project Angel Food plans to offer our volunteers even more opportunities in the upcoming year, including developing corporate volunteer programs and establishing a Volunteer Speakers Bureau to do outreach and presentations at health fairs, clinics and community centers.

We have volunteers who started when they were in high school or college and they keep coming back or they become donors. You know that if they care when they’re 17, they’re certainly going to care when they’re 30.

– Holly Fishbein, Volunteer Services Coordinator
OUR COMMUNITY EVENTS

In addition to cooking up love in the kitchen, we sell holiday pies for Thanksgiving, strike out against hunger for bowling, auction contemporary art from emerging, established and local artists, and celebrate our success at the biggest night of the year—all to feed those in need. Volunteers, donors, staff, and clients are part of the Project Angel Food family and “food is love” community.

Our Events

- Holiday Pies
- Bowling for Angels
- Angel Art
- Wine and Jazz
- Angel Awards Gala

Our School Program

Every week, L.A. Unified School District students visit Project Angel Food to decorate birthday bags and pack fruit bags for our clients. To our clients, the gifts are uplifting. To the kids, they’re just the right thing to do.

Thank you for the birthday bag I received today, I loved the drawings on it by Samantha, age 11. The drawings really touched me. In fact, they made me cry.

Thank you.
